

Complimentary RECP & IEE Training

Free training for women registering in August

The NCPC-SA is proud to once again offer complimentary training to women who pre-register during Women's Month. Courses in:

- Resource Efficient and Cleaner Production (RECP); and
- Industrial Energy Efficiency (IEE)
In partnership with the United Nations Industrial Development Organization (UNIDO)

Course information

Courses: 1 & 2-day and Expert-level training courses
*Register during the month of August for all courses scheduled **until 31 July 2019** to qualify for the complimentary seat.*

Venues: Pretoria, Cape Town, Durban and Port Elizabeth

How to sign up ...

To sign up for our special offer, ladies must complete the [pre-registration form](#) on the NCPC-SA website and select the training courses they would like to complete, as well as the venue most suitable to them. All women who pre-register will receive communication on the scheduled dates and venues.

Who should attend?

Training courses benefit people with an academic background in engineering, natural and environmental sciences.

IEE Project training presented in partnership with

The NCPC-SA is the industrial resource efficiency and cleaner production programme of the **dti**, hosted by the CSIR.
